To Whom It May Concern:

This letter is to comply with the requirement to notify you of Structure/Function claims made on our product.

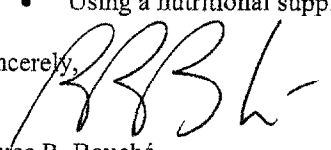

Manufacturer and Distributor:
Endomatrix Inc.
100 B Street, Suite 320
Santa Rosa, CA 95401

Name of the dietary supplement:
provasca™ with Actothil™

Structure / Function Claims:

- provasca™ helps sustain cardiovascular health by assisting the blood to flow freely.
- Provasca™ with Actothil™, a patented blend of a specific green seaweed and L-Arginine, has been shown in a clinical test to reduce high sensitive C-Reactive protein (hs-CRP) and to raise HDL (good cholesterol) levels within the normal range.
- Provasca™ with Actothil™, is designed to play a valuable role in your overall cardiovascular health regimen to maintain the free flow of blood through the arteries in support of cardiovascular health.
- In a clinical test provasca™ showed the following results:
 - Reduced high-sensitive C-reactive protein 43%
 - Raised HDL (good cholesterol) levels 7% within the normal range
- Provasca™ with Actothil™, a nutritional supplement, is designed to help the body maintain cardiovascular health by assisting the blood to flow smoothly, preventing cellular build-up on the surface of the arteries, and enhancing the normal protective function of the endothelium, the thin layer of cells that lines the blood vessels.
- Using a nutritional supplement such as provasca™ can help maintain cardiovascular health.

Sincerely,

Bruce R. Bouché
Vice-President of Global Nutraceuticals
